CENTRAL INTELLIGENCE AGENCY

WASHINGTON, D.C. 20505

20 JUN 1983

ODP-83-891

Captain E. L. DeWispelaere
Assistant for Special Programs (OPNAV/090J)
Office of the Chief of Naval Operations
Department of the Navy
Washington, D.C. 20350

Dear Captain DeWispelaere:

Thank you for your letter (OPNAV/090J-0135-83, dated 13 June 1983) requesting transfer of two Burroughs B6900 computer systems for use by the Department of the Navy Compartmented Programs Support System (DONCPSS). I am pleased to inform you, on behalf of the CIA, that your request has been approved. This letter constitutes transfer of ownership to the Navy of those items listed in the attachment to your letter. (S)

As you are aware, these Burroughs systems became available for reassignment with the redirection of the joint CIA/DIA SAFE Project. I am particularly pleased that the requirements the systems will now satisfy remain in support of the National Foreign Intelligence Program. (S)

The payment of \$100,000 for the two systems has been received and accepted by CIA's Office of Finance. This reimbursement will provide the funding for the outstanding amount which was owed Burroughs Corporation on these two systems at the time of the project redirection. The total combined system acquisition cost, for your information, was \$481,922. (The systems, as you may be aware, were purchased at a seventy percent discount.) (FOUO)

The two systems are located at the TRW Development Facility in Torrance, California, and are identified as TRW Systems Numbers 1 and 5. It is my understanding that your organization will arrange directly with the vendor for equipment disassembly, packing and transport. Since the facility in which the equipment is located is being vacated on 31 July 1983, we would very much appreciate that prompt transfer action be taken by your Operations Group. A formal acknowledgement is also requested indicating your acceptance of the equipment for materiel accountability purposes. (FOUO)

25X1 Finally, I would like to express my appreciation to Messrs. Thomas Tucker and Russell Stokes of the Naval Engineering Logistics Office for their capable assistance throughout these transfer activities. They have worked closely and very effectively with [] the CIA point-of-contact. (S)

25X1 If you or a member of your staff need additional detailed information, please feel free to call [] 25X1 [] Once again, I am pleased that equipment excess to this Agency's requirements will be so productively reutilized by DONCPSS. If I can be of any further assistance, please do not hesitate to call me [] (S) 25X1

Sincerely,

for /s/ James H. McDonald
